

## **Antalya-Limestone-Honed**

Antalya Creamy Limestone is very pale, white - off white and consistent in colour. We now supply the very sought-after 1st Class range of Antalya Limestone. Antalya Limestone Tile are ideal for any contemporary project and highly preferred in 2007 and 2008 for surfaces where a clean and rather consistent color is chosen. The fine and low density fossilising on A Grade Antalya Limestone allows users a mental transition from ceramic tile usage to natural stone color and texture, giving a smooth warm feel with its honed finish. In quality and class Antalya Limestone is only comparable to the best selections of Portland stone. We challenge anyone who can quote you a better price for the quality level of our Limestone Tiles also strongly suggest not to decide before seeing our limestone flooring samples. We can also supply Antalya Polished Limestone per order as well as honed (non slippery semi polished). Please check the availability of the stone tiles with our sales team for sale, clearance, discounted and cheaper tiles on special offers. You can ask a Free Sample of Antalya Limestone to be delivered to your door the next day and compare with the inferior tiles you will get elsewhere. Antalya Limestone Tiles are also traded in different names in UK as Myra, Limra, Lymra, Patara, Salina Limestone adhering to the city of Santa Claus / St. Nicholas and sometimes with misspelled or made up names as Antalia Cream, Antalaya, Antayla, Limeria, Limeyra, porto creme, Monaco White Limestone or Portuguese Limestone. It has up to 6 tradable quality selections and 1st and 2nd quality selections are the only export qualities, please beware that online only, last minute or limited offer type choices can not guarantee quality for selection, calibration or delivery. Please give us a call to discuss your flooring and walling projects with Antalya Limestone or other stone tiles. We can arrange delivery of your orders from our warehouse in Rainham Essex (next to London) to anywhere in England, Wales and Scotland as well as continental Europe.
