

Travertine-Silver-Grey-Tumbled-

Silver Gray Travertine tile has a rich color blend of silver and gray shades as if geologically interwoven into its surface. Travertine silver has a satin matte, brushed finish to provide a warm and luxurious atmosphere. The edges are neatly chipped (or chiselled, distressed) to give a slightly antique look. Silver travertine is also known as Silver Gray Travertine or Ash Travertine. Silver Travertine flooring is suitable for all period and modern decorations and renovations as a stylish indoors stone tile flooring. Please give us a call to discuss your stone tile flooring and walling projects. We can suggest the best stone tiles to fit to your bathroom, kitchen, hall, living room, conservatory, garden or patio for modern building decorations or period building renovations. We can arrange delivery of your orders from our warehouse in Rainham Essex (next to London) to anywhere in England, Wales and Scotland as well as continental Europe.
