

Travertine-Light-Mosaic-Tumbled

Travertine Mosaics are gaining momentum along with the popularity of travertine flooring. Travertine Mosaic Light Tumbled is cut from Travertine Light (Medium Light) and glued to a mesh or net made of dense plastic. Tumbled finish of the travertine light mosaic gives a classy antique finish. It is used not only for walling and flooring but also as a stylish bordering for period and modern decorations. Travertine mosaics looks fantastic specially in wet room and kitchen splash-back covering. It is also traded as Venetian or Roman Mosaic in the UK market.
